The Insectarium

Come see and learn about some of the most amazing animals on earth! Animals? Yes, insects are animals too. They and their fellow arthropods all play a very important role in balancing our planet.

The Insectarium is the country's largest exhibited all arthropod museum. The collections are from all over the world. Our extensive live collection demonstrates natural habitats of many unusual insects, tarantulas, scorpions and crustaceans. Come see and learn about some of the most amazing animals on earth! Visit the Insectarium with a group or just friends and family. We guarantee everyone will have a unique learning experience!

Group Programs

Bring your group of 15 to 180 and we will provide a program given by a museum educator at no additional cost other than regular museum admission! The program will give your group a fun educational experience that will be a great start or end to any science curriculum. Our programs are tailored to children three years old to adults. Please call for reservations.*

* Non-group museum patrons are always welcome during regular museum hours without reservations!!

Travel Programs

If your group can't come to the museum, we will come to your site. We will bring live and mounted specimens with a program tailored to your children's age group. Adult programs also available Call for details.

Birthday Parties

Celebrate your birthday at ***THE INSECTARIUM !!!***

Let our educators give your party personal attention, making it a memorable celebration combining learning and fun! Call for details.

Special Events

Special events take place throughout the year and are free of charge with regular museum admission. Call for dates and times.

Gift Shop

When you come to visit us, leave time to explore our museum gift shop. We have many fun and educational items.
